Alternative Energy Resources

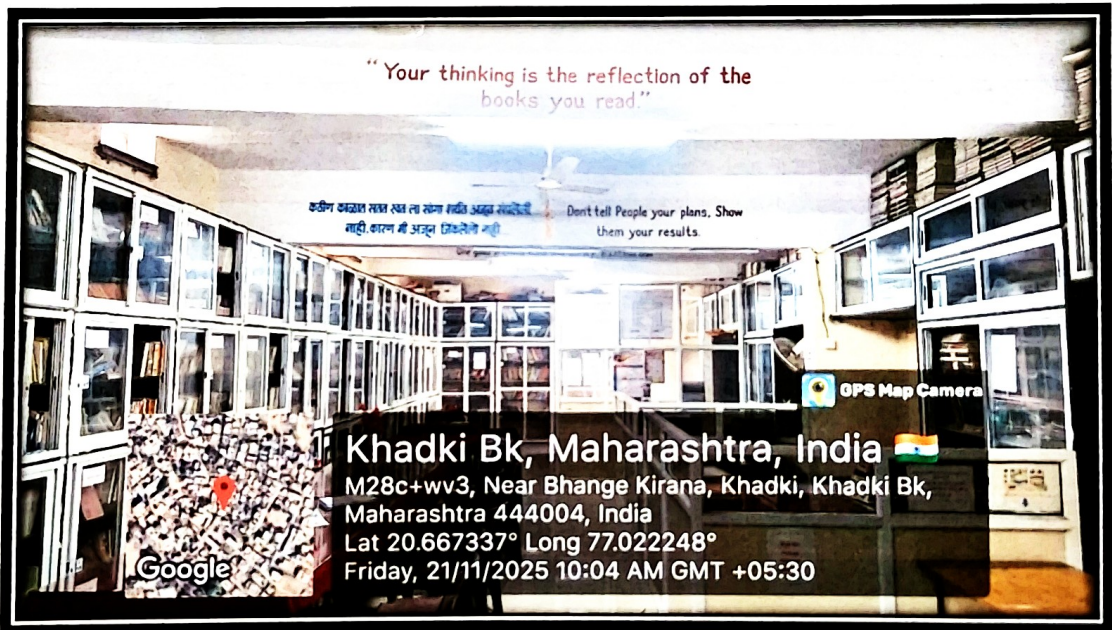

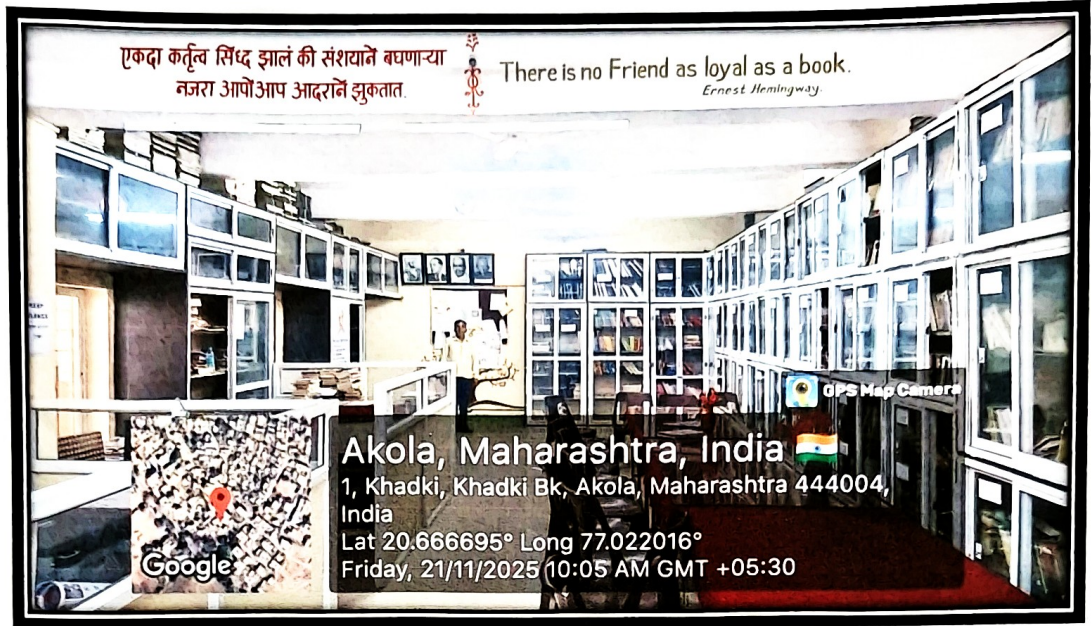

- The college has taken initiative in the save energy mission to make it more eco-friendly human. The first step towards energy sensitization, the purposeful use of LED bulb is started. In this regard all the bulbs used in the campus and college building are 25 in total which helped to save a considerable energy consumption.
- Besides, the posters and banners reminding energy usages such as "Switch off Light when not in use" are pasted on the walls in rooms.
